

Official veterinary certificate
for source country for salmonid products that will be exported to Australia

Certificate number: _____

Exporter name:	
Exporter address:	
Invoice number:	Batch number:

Importer name:	
Importer address:	
Import permit number:	Date of harvest:

I, the undersigned certify that:

1) The salmon in the consignment has been sourced from the following approved country/ies only:
.....

2) The consignment contains the following approved salmonid species only:
.....

3) (strike through the option that does not apply)

a) The consignment does not contain product derived from Atlantic salmon (*Salmo salar*) or rainbow trout (*Onchorhynchus mykiss*);

Or

b) The salmonid fish from which the product was derived did not come from a farm infected by, or officially suspected of being infected by, infectious salmon anaemia, or from waters within 10km or one tidal interchange (whichever is greater) of an infected, or officially suspected farm.

4) The name and registration number of the source farm(s) are listed below:
.....
.....
.....

5) The salmonid products have been processed to the extent listed below (head, gill and viscera must be removed and the internal and external surfaces thoroughly washed in either the source country or any subsequent approved processing country prior to final export to Australia):

.....
.....
.....

6) The salmonid fish from which the product was derived were:

- a) harvested from a population for which a documented health surveillance program exists, administered by the competent authority of the source country; and
- b) not slaughtered as an official disease control measure; and
- c) inspected and graded, ensuring the product is free from visible lesions associated with infectious disease; and
- d) not juvenile salmonids (fish weighing less than 200g in head-off, gilled and eviscerated state) or sexually mature adults/spawners (fish with developed gonads).
